

Exclusive Invitation

“Value creation in pork production”

Master Class Vietnam by VIV Asia

What: A committed group of pork industry experts share their best practices and lessons to support Vietnamese professionals in the pork industry. This initiative led by VIV Asia enables the industry to share all questions and obstacles related to increasing breeding, pig performance, PRRS, PED/ TGE to achieve final goals: increasing meat production, lowering cost, dealing with risks and diseases, manage efficient farm houses and even automated slaughtering. The VIV Master Class offers the practical know-how of real life practices to make your company perform better.

When: Thursday, 14th of January 2016, 10am to 4pm

Where: Prima Ballroom A, Hotel Majestic Saigon, Ho Chi Minh City, Vietnam
